

MR.PONGSAKORN SANGSAWAT

CONTACT

PHONE:
095-584-9800

EMAIL:
Pongsakorn_jao@hotmail.com

Birthday Date : 22/May/1995

SKILLS

Computer Knowledge

- Solid Work , NX , Auto Cad
- Microsoft Office
- Arduino Program
- PLC Program and (System IOT)
- Robot 6 Axis
- Python (AI) Program

WORK EXPERIENCE

April 2018 - April 2020

Mechanical Engineering (Strat Up New model) at
[CANON HI - TECH LTD.](#)

- Follow Part New model, Track Problem, Prepare to Support New model
- Issue documents flow Assembly to support Production line.
- Improve Follow Jig & fixture (Support production line for reduce time and problem in Assembly line.)

April 2020 - Sep 2022

Development & Project Control. (Design jig & Fixture) at [Panasonic Manufacturing Ayutthaya Co., Ltd.](#)

- Design Jig support Assembly line (New model and Improve problem, reduce time.)
- Design Jig automation for assembly line (Work Section: Mechanical Design.)

Sep 2022 - Present

Automation and Innovation Development Engineering at
[CANON HI - TECH LTD. \(MFG2 INJECTION MOLD\)](#)

- Design Machine Automation for Improve Process Production Input Automation Substitute People (Improve Process Injection Machine)
- Design System (Digital Transformation (DX) and IOT) for Help data Analysis (Real time) and Manage documents.
- Analysis injection Problem and improve injection Problem and Support Design System Control Problem and use technology helps analysis
- Control and Analysis Reduce Material Purge
- Control Project GCM and Project Cost Down Activity of Injection Mold
- Support Start Up New Model

EDUCATION

King mung kut's University of technology north Bangkok Bachelor's Degree in Production and industrial Engineering Expected graduation, June 2017
